Section 33. Publication; Adoption of Technical Codes. Except as otherwise provided in this Charter, all ordinances, when enacted, shall be published forthwith by the City Clerk in the manner provided by this Charter for the publication of notices, and the City Clerk shall enter his certificate as to the manner and date of publication under each ordinance in the ordinance book; provided that, if the City Commission shall direct the Clerk to make a digest of any ordinance or amendment which, in its opinion, is not of general public application and is more than one thousand (1,000) words in length, and when the City Commission shall approve such digest and shall order its publication, such publication shall be deemed to be sufficient publication of such ordinance; provided, further, that the City Clerk shall also make available for public distribution at his office not less than twenty-five (25) mimeographed copies of the full draft of such ordinance. The City Commission may adopt any detailed technical regulation (e.g., building code, electric wiring code, food inspection ordinance, etc.) as a City ordinance by reference to any recognized standard code, official or unofficial, or if such code be written in detail for the City and adopted as an ordinance, the publication of not less than fifty (50) copies in booklet form, available for distribution at cost, shall be sufficient publication of such ordinance, and any amendment to, or revision of, such adopted code or detailed technical ordinance, may be published in the same manner.

Section 34. Compilation and Revision. The City Commission shall, by resolution, order a general revision and compilation of ordinances within two (2) years from the date this Charter is adopted by the electors and every ten (10) years thereafter. Such revision and compilation, when completed, shall be adopted by appropriate ordinance which shall also designate when such revised and compiled ordinances shall become effective. Such revised and compiled ordinances need not be recorded in "The Ordinance Book" or the proceedings of the City Commission. The printing and binding of not less than one hundred (100) copies in book form, available for public distribution at cost, shall be deemed sufficient publication.

CHAPTER V**ADMINISTRATIVE SERVICE**

Section 35. City Manager; Qualifications. The City Commission shall appoint, by four or more affirmative votes, a City Manager for an indefinite term. Such City Manager shall be the administrative officer of the City and shall hold office at the pleasure of the City Commission. He shall be selected on the basis of fitness and ability alone, without regard to his political or religious preferences, and shall have had training and actual experience in municipal administration. He need not be a resident of the City or of the State at the time of his appointment, but he must be a citizen of the United States, and shall reside in the City of Traverse City during his term of office; provided, however, that any City Manager so appointed during the first three (3) years after the date upon which this Charter becomes effective, shall have had at least four (4) consecutive years of actual experience as a City Manager. The first City Manager under this Charter shall be appointed by the City Commission within ninety (90) days after this Charter becomes effective. Upon the resignation or removal of the City Manager, the vacancy in such office shall be filled by the City Commission within ninety (90) days after the effective date of said resignation or removal.

But the Manager may authorize the head of a department or office responsible to him to appoint and remove subordinates in such department or office. Provided however, that no official holding office by virtue of appointment by the Commission at the time of this Charter becomes effective, shall be removed by the Manager without preferring charges to the City Commission, until such official shall have served the full term for which he was appointed.

- e) To attend all meetings of the City Commission, and to take part therein, but without vote;

All public utility franchises shall make provision for fixing rates, fares and charges, and for readjustments thereof at periodic intervals of not more than five (5) years, either by arbitration upon terms to be specifically set forth in the franchise, or by any State agency, at the election of the City. The value of the property of the utility used as a basis for fixing such rates, fares and charges shall in no event include a value predicated upon the franchise, goodwill or prospective profits.

Temporary permits for public utilities, revocable at any time at the will of the City Commission, may be granted by the City Commission by resolution on such terms and conditions as it shall determine, provided that such permits shall in no event be construed to be franchises or amendments to franchises. Any such resolution shall be subject to the referendum provided for by this Charter.

Section 116.Joint Use. Every public utility may be required by the City to permit joint use of its property and appurtenances located in the streets, alleys and public places of the City by the City of Traverse City or by other public utilities, insofar as such joint use may be reasonably practicable, upon payment of reasonable rental therefor; provided that in the absence of agreement upon application of any public utility, the City Commission shall provide for arbitration of the terms and conditions of such joint use and the compensation to be paid therefor, which award shall be final.

Section 117.Use of Streets and Public Places. The right to use, control and regulate use of its streets, alleys, bridges and public places, and the space above and beneath them, is hereby reserved to the City, and every public utility franchise shall be subject thereto. Every public utility shall pay such part of the cost of improvement or maintenance of streets, alleys, bridges and public places as shall arise from its use thereof and shall protect and save the City harmless from all damages arising from said use.

The several municipally owned utilities: i.e. The Sewage Treatment Plant (including the entire sewer system), The Traverse City Light and Power Department, The City Water Works Department, together with any utilities hereafter acquired, shall be operated for the benefit of the City of Traverse City.

Section 119.Administration by City Manager. The City Manager of the City of Traverse City shall be the chief administrative officer of each of these utilities or utility departments and shall have power to appoint and remove a superintendent for each or any of them and all officers and employees thereof; but the City Manager may authorize the head of a utility or utility department or office responsible to him to appoint and remove subordinates, such appointments or removals shall be in accordance with the provisions of this Charter and of any ordinances enacted in conformity therewith. The appointments made by or under authority of the City Manager shall be on the basis of the fitness, training and experience of such appointees for the work they are to perform. All such appointments shall be without definite term unless for provisional, temporary or emergency service not to exceed the maximum periods which may be prescribed by personnel regulations.

Section 120.Separate Utility Funds. The funds of each of the utilities or utility departments shall be kept separate from the general fund of the City of Traverse City.

Section 121.Municipal Utility Emergency Reserve. An emergency reserve account shall be created for each utility or utility department to meet any emergencies which may occur in connection with such utility or utility department. Municipal utilities shall be deemed to include the water supply and distribution system, the sewage collection and disposal system, the light and power system, and any other public improvement in the nature of a utility which is hereafter established or acquired. The emergency reserve fund shall be established annually in the budget. The purpose of such fund is to meet any emergencies which occur in connection with such utility or utility department. Funding of the emergency reserve shall come from retained earnings of the utility or utility department, or, if such is insufficient in the estimation of the City Commission, shall come from the general fund. Withdrawals from the emergency reserve fund shall be replaced.

Section 122. Use of Utility Revenues. All further net profits shall revert to the general fund of the City of Traverse City and shall be used for the purpose of: (a) reducing the indebtedness as such indebtedness matures, of the particular utility or utility department from which such profits are derived; (b) making normal plant improvements and expansions; (c) reducing the current indebtedness of the City; and (d) supplementing the tax revenues of the City by using this money to defray the usual expenses of City government.

Section 124. Rules and Regulations. Insofar as they are consistent with the provisions of this Charter, the present regulations of the various utilities and utility departments relative to rates, charges, operation, etc., shall continue in full force and effect under this Charter until changed by proper ordinance or resolution of the City Commission. In addition to the powers, privileges and rights possessed by the several utilities and utility departments of the City under the State Constitution, the general laws of the State, this Charter and the City ordinances, such utilities and utility departments of the City shall have the power to render all such services to their customers as are rendered by public utilities of similar type operating in the City.

Accounts shall be kept for each public utility owned or operated by the City, distinct from other City accounts, and in such a manner as to show the true and complete financial result of such City ownership, or ownership and operation, including all assets, liabilities, revenues and expenses. These accounts shall show the actual cost to the City of each public utility owned, the cost of all extensions, additions and improvements, all expenses of maintenance, the amounts set aside for sinking fund purposes, and all operating expenses of every description. They shall show, as nearly as possible, the value of any service furnished to or rendered by any such public utility by or to any other City department.

It shall be the duty of the superintendent of each utility or utility department to make an annual report to the City Manager on or before the tenth day of March of each year of all the works under his supervision. All contracts, negotiations, grants, leases or other forms of transfer in violation of this provision shall be void and of no effect as against the City. The provisions of this section shall not, however, apply to the sale or exchange of any real estate which is not necessary to the operation of any utility or utility department or any articles or equipment of any City owned utility as are worn out or useless, or which could, with advantage to the service, be replaced by new and improved machinery or equipment.

The income from said Trust shall be used to supplement City taxes as a credit against the General Fund levy as established yearly by the City Commission. Said funds shall remain a perpetual trust, the principal of which shall not be used except by a three-fifths (3/5) majority vote of the qualified electors voting thereon.

Section 130.Cemetery Care Funds. The amount now standing to the credit of the Perpetual Care Fund, together with all additions thereto, shall be kept in a separate fund known as the Perpetual Care Fund, which shall constitute a trust fund, the income of which shall be used as occasion may require for the general care and maintenance of those lots for the benefit of which said funds shall have been

All portions of said Perpetual Care Fund not so invested in bonds shall be kept in a separate checking account in some banking institution to be designated by the City Commission. There shall also be created a fund known as the Cemetery Care Fund, and fifty percent (50%) of all moneys which shall from time to time be received from the sale of lots and graves and crypts shall be placed in said Fund, the income of which shall be used as occasion may require for the general care and maintenance of the entire City cemetery property. Said Cemetery Care Fund shall also constitute a trust fund, the moneys of which shall never under any pretext be diverted. This Fund or portions of this Fund may be invested only in bonds of the City of Traverse City, School District of the City of Traverse City, County of Grand Traverse, or bonds or other full faith obligations of the United States of America. Any moneys in said funds not so invested shall be placed in a separate checking account in such banking institution as the City Commission may designate.

Section 131. Platting and Sale. The City Commission shall cause cemeteries to be laid out into lots, avenues and walks, the plats thereof to be recorded in the office of the City Clerk. The City Commission shall fix the price of such lots and manner of conveyance and recording.

further, that all moneys received for such Library Fund shall be deposited in the City treasury to the credit of the Library Fund, and shall be kept separate and apart from all other moneys of the City, and be drawn upon by the City Clerk, countersigned by the Mayor, upon the properly authenticated vouchers of the Board of Library Trustees.

Section 141. Donations. Any persons desiring to make donations of money, personal property or real estate for the benefit of such library and reading room shall have the right to vest the title to the money or other personal property or real estate so donated in said Board of Library Trustees, to be held and controlled by such Board, when accepted according to the terms of the deed, gift, devise or bequest of such property, and as to such property said Board shall be held and considered to be special trustees.

An ordinance sought to be initiated by petition shall be fully set forth on the petition or as an attachment thereto. If the ordinance is more than three pages, it may be incorporated by reference and filed with the City Clerk at all times while the petition is being circulated. (Amended 11-2-1999 and 11-2-2010.)

Section 144.Petitions. An initiatory or a referendary petition shall be signed by registered qualified electors of the City in number equal to twenty-five percent (25%) of the highest vote for any Commissioner at the last regular City Election prior to the filing of the petition. Before being circulated for signatures, all such petitions shall be approved as to form by the City Attorney. No such petition need be on one paper, but may be the aggregate of two or more petition papers. Each signer of a petition paper shall sign his name in ink or indelible pencil, and shall place thereon, after his name, the date and his place of residence by street and number, or by other customary designation. To each petition paper there shall be attached a sworn affidavit by the circulator thereof, stating the number of signers thereto and that each signature thereon is the genuine signature of the person whose name it purports to be, and that it was made in the presence of the affiant. The circulator for any such petition shall at all times of circulation be an adult resident of the City. Any such petition shall be filed with the City Clerk who shall, within ten (10) days, determine the sufficiency thereof and so certify. When found sufficient and proper, the City Clerk shall present the petition to the City Commission at its next regular meeting. Should the City Commission decide to submit the proposal to the electors, it shall be submitted at the next election held in the City for any other purpose or, in the discretion of the City Commission, at a special election. The result shall be determined by a majority vote of the electors voting thereon, except in cases where otherwise required by law.

Section 147.General Provisions. The certification by the City Clerk of the sufficiency of a referendary petition within twenty (20) days after the passage of the ordinance to which such petition refers shall automatically suspend the ordinance in question pending repeal by the City Commission or final determination of the electors, as the case may be. No referendum shall be had on any ordinance based on a franchise or a contract unless referendary petitions are filed within twenty (20) days after the passage of such ordinance, unless a provision therefor is specifically provided for therein. An ordinance adopted by the electorate through initiatory proceedings may not be amended or repealed by the City Commission for a period of two (2) years, and then only by the affirmative vote of not less than five (5) Commissioners. Any official or employee violating the provisions of this subsection shall be deemed guilty of a misdemeanor, and upon conviction shall forfeit office. A financial conflict of interest may be waived by the City Commission after full disclosure of such conflict to the Commission. Section 155. Civil Service. The City Commission may provide, by ordinance, for a merit system of personnel management and may establish by ordinance a pension and retirement system for any or all groups of employees in the service of the City. Such claim shall be verified by the claimant, or some person having knowledge of the facts, and shall specify the time and place, the nature and extent of the injury sustained, the manner in which it occurred, the specific grounds upon which the claim of liability on the part of the City shall be asserted, the names and addresses of all known witnesses, the name of the attending physician, if any, and an itemized statement of the amounts claimed. Upon filing such claim, the City shall have a reasonable time in which to investigate the same and may require the claimant to produce all witnesses for examination under oath. Failure to file a claim or produce witnesses in the manner required in this section shall forever bar any action or proceeding in any court for the collection of such claim. No action shall be maintained in any case unless the same be brought within the statutory period after such injury or damages shall have been received. On trial or action on such claim, no witness shall be competent to testify for the claimant, who was known and not named in the claim filed with the City, or not produced upon demand. The Executive Director shall maintain suitable permanent records regarding his or her actions. The Executive Director shall prepare plans and specifications, take bids and let contracts, subject to the approval of the Board.

d) Surety Bonds. The Board may require surety bonds for any of the officers and employees of the Department in such amounts as the Board deems necessary. The premiums for the bonds shall be paid by the Department in the same manner as any other operating expense.

Section 179. Powers and Duties of Board.

a) Purchase and Sale of Personal Property. The Board shall have the power to acquire and dispose of personal property by sale, purchase, exchange or lease under procedures established by the Board which may provide a monetary limit within which such transactions involving personal property may be made by the Executive Director without Board approval and without necessity of securing competitive bids.

b) Purchase and Sale of Real Property. No later than the effective date of this article, the City Commission shall clearly designate all light and power real property which appertains to the Light and Power Department operations, except general utility easements. The Light and Power Department may use any utility or roadway easement for utility purposes. The Board shall have the power to acquire real property or any interest therein in the name of the City for Light and Power Department purposes. The Board may sell or lease any Light and Power Department real property or interest therein in the name of the City, but the Board shall not sell, exchange, lease or in any way alien or dispose of the real property belonging to and appertaining to the Light and Power utility which it now owns or may hereafter acquire unless the proposition for such disposal shall first have been submitted to the qualified voters of the City and approved by them by a majority vote of the electors voting thereon. The provision of this section regarding approval of the electors shall not, however, apply to the sale, lease or exchange of any real property which is not necessary for the operation of the Light and Power Department and which is certified as not necessary by the Light and Power Board and which is also certified as not necessary by the City Commission. The proceeds from the sale, lease or exchange of any real property certified as not necessary shall accrue to the Light and Power Department.

c) Contracts. The Board shall have the following powers both inside and outside the City limits:

- i) To sell its products and services to public and private corporations and to other consumers;
- ii) To construct plants, transmission lines and other facilities;
- iii) To purchase franchises; and
- iv) To enter into all contracts and agreements in furtherance hereof.

d) Extensions of Services. The Board may adopt regulations governing extensions of services of the Department both inside and outside the City limits. The regulations shall provide the conditions under which the extension shall be made to render them compensatory and shall provide that each extension project shall, when completed, become the property of the City whether on public or private property.

e) Eminent Domain. The Board shall have no authority to exercise powers of eminent domain, but may recommend such actions be taken by the City.

f) Use of Right of Way. The Board may use the grounds over, under or along any road, railroad, highway, street, sidewalk, thoroughfare, alley or water way in the operations of the Department, but shall in all cases be subject to the applicable general regulations of the City, and cause the surface of the public way to be restored to its usual condition.

(g) Joint Operations. The Board may enter into contracts and agreements with any public or private corporation or an individual, both inside and outside the boundaries of the City and State (1) for the joint use of property belonging either to the City in use for Light and Power Department purposes or to the other contracting party or jointly to both parties, and (2) subject to the approval of the City Commission, either for acquisition of real property or the issuance of bond obligations for the joint acquisition, financing, construction and operation of plants, buildings, transmission lines and other facilities.

(h) Rates. After a public hearing and public notice the Board shall fix rates to be charged for electricity, heat, steam and other utilities sold and services rendered by the Department. Rates shall be fair, reasonable and compensatory and shall be uniform for all consumers within the same class; but different rate schedules may be applied to different classes of consumers as determined by the Board. Rates within the City limits may be less but shall be no greater than for the same class of consumers outside the City limits. Rates shall be sufficient to pay all operating and maintenance expenses of the utility's operation and all bond interest and redemption costs of the utility operations. The Board may require reasonable deposits as security for the payment of charges for utility services and may provide for the return of deposits when satisfactory consumer credit has been established. The Board shall also provide for the collection of payments for charges of the utility. (Corrected to eliminate typographical error 4-19-04).

The Board shall submit to the City Commission on or before the last regular meeting of the City Commission in the month of April of each year an itemized budget conforming to the system of accounts required by the State of Michigan. (Amended 11-2-99).

(j) Authority for Expenditures. No moneys shall be drawn from the funds of the Department nor shall any obligation for the expenditure of money be incurred except in conformity with the approved budget and after authorization by the Board. No claim against the Department shall be paid unless evidenced by a voucher approved by the Executive Director or by some other employee to be designated by the Executive Director.

(k) Bonds. Subject to applicable laws, the Board may recommend to the City Commission and the Commission may authorize the issuance and sale of revenue bonds necessary to finance the acquisition, construction, improvement and extension of any utility facilities owned by the City for Light and Power purposes including facilities owned or operated jointly with others.

(l) Short Term Indebtedness. Notwithstanding subsection (k) hereof and subject to applicable laws, the Board may borrow money for periods not to exceed three (3) years and may issue negotiable notes payable from the revenues of the Department as evidence of the indebtedness. However, such notes must be fully paid within three (3) years from their date of issuance and may not be renewed or converted to other short term indebtedness.

(m) Fee. No later than June 30 of each year, the Board shall pay to the City five percent (5%) of its gross revenue for the fiscal year ending on that same June 30. Such payment shall be the annual fee of the Light and Power Department to the City. Other than the annual fee, no other payment shall be made to the City except upon concurrent resolution duly adopted by a majority of the Board and a majority of the City Commission. No free service of electricity or any other service or product of the Light and Power Department shall be furnished by the Light and Power Department to any person, public or private, or to any political subdivision or any public agency or instrumentality of the State or Federal government.

(n) Accounting Reports. The Board, in addition to the reports and accounting that it may otherwise be required by law to make shall furnish to the City Commission a monthly financial statement on an accrual basis comparative with the budget. The City Commission shall conduct not less than annually an audit by a certified public accountant in accordance with generally accepted auditing standards showing the funds and accounts of the Department, which audit shall be open to public inspection.

(o) Capital Planning and Expansion. The Board shall conduct necessary studies and planning for the electricity, heat, steam, light and generating transmission facilities and related improvements and shall have the authority to include in its budget for each fiscal year up to five percent (5%) of the gross revenues or five percent (5%) of the undepreciated costs of existing facilities to provide for the financing of such expansion and improvements. The Board shall submit to the City Commission annually with its budget a capital improvements plan for the next six (6) years. The City Commission, after submitting this plan to the Planning Commission for its review and after the Planning Commission has held a public hearing on the plan, may approve or reject this plan, and once approved it may not be rejected by the City Commission except to the extent of the annual revisions of the plan adopted by the Board. If not approved or rejected by the City Commission by its first meeting in June, immediately following, the capital improvements plan shall be deemed approved. The Board's annual revisions shall include, as a minimum, a plan for the sixth year of the capital improvements plan. (Amended 11-2-93; 11-2-99, 11-7-06.)

g) Rules and Policies. The Board shall have the power to adopt such rules, regulations and policies governing its conduct in the operation of the Light and Power Department as it deems advisable. The Board may also from time to time recommend to the City Commission the adoption of ordinances regarding the operation of the Light and Power Department, and specifically for the collection of payments for services rendered by the Light and Power Department.
